Summary: Both of the Fire Emblem Robins get gassy, with Male Robin being SBD, and Female Robin being loud but harmless. Did Chrom do something to those fish sticks?

Chapter 1: Chapter 1

Both of the Robin twins from Fire Emblem Awakening were enjoying the fish sticks that their close friend Chrom made, with it being fish sticks appreciation as the two were sitting together, with the other Smash Bros and Fire Emblem characters gathered there.

"These are pretty good," Male Robin pointed out as he gulped down on a half eaten fish stick. "I don't know how Chrom does it, but he shouldn't stop."

"Yeah, it's definitely of delicate taste and it-" Female Robin stopped as she sniffed something foul in the air, causing her to gack as she plugged her nose. "Ugh, Rob! You're so gross!"

"Sorry!" Male Robin apologized as he blushed in embarrassment. "I guess I got so excited over how good these tasted, I got carried away!"

"No kidding!" Female Robin snapped as she moved a few inches away from Male Robin on the bench. "How am I suppose to enjoy my fish sticks if you just let the air stink it up?"

"There's no need to be so brash, Reflet," Male Robin stated as he raised his right hand.

Female Robin was so stressed, she let out a loud brassy fart that interrupted the party, with everyone looking at her as she started to blush in embarrassment, too.

"Well... I guess I'm not perfect, either..." Female Robin remarked as she held down her clothing. "...but at least my gas doesn't stink."

"Hey!" Male Robin shouted back, with the two deciding to take this conversation somewhere else in private as they realized they were making a big *stink* over their farting issue.

Chapter 2: Chapter 2

"Man, Chrom, these fish sticks are delicious!" Fire Emblem Awakening Chrom stated to Super Smash Brothers Chrom.

"Why thank you, Chrom! These are chrome enhancing, after all!" Chrom 2 replied to Chrom 1 as they both laughed.

"...why are there two Chroms?" Fire Emblem Roy commented as he and the others were a bit suspicious.

"Something regarding the space time continuum." Arceus pointed out as he was enjoying the fish sticks himself.

"...Well, it's still pretty creepy." Roy remarked as he couldn't enjoy his fish stick as much.

Meanwhile, both of the Fire Emblem Robins were still farting, with Male Robin stinking it up while Female Robin kept producing loud, brassy deep pitched tuba toots that rumbled like thunder. The farting Robin duo were heading down one of the many hallways of the Smash Mansion.

"We have to stop this," Both of the farting Robins stated in unison as they were hoping to get some help in any possible way.
